Dear Dick,

I've just returned from New Orleans, where we averted an impending disaster, and learned that we must prepare for more thet are possible. I cannot now expand.

It looks as though this time there will be a Shaw trial. I'll be there for it, possibly beginning before it begins.

Your letter of 12/5 ;agreed.

The note on Angers should have gone into another envelope. Sorry.

I think what you are doing on the SS reconstructions and the pictures is one of the unforntunately many things that simply must be checked out. It is important. Good luck with it.

Sincerely,
